RE: Individual CEC Course Approval Notice

Dear Mr. Jones,

Thank you for submitting the application for course approval. The Operator Certification Office has determined the upcoming training course is applicable for water and wastewater operators in Montana.

The 97th Annual Technical Exhibition & Course has been approved for 3.40 CECs (34 hours) for drinking water and wastewater credit. This class will be applied to the current CEC biennium (June 1, 2024 - May 31, 2026). Once the class is completed, please review and verify each operators' CEC form for accuracy and completeness, and then mail or email (**operatorcertification@mt.gov**) the completed CEC forms or spreadsheet to our office within two weeks of completing the training course.

Thank you for your dedication to providing quality training to Montana's Water and Wastewater Operators.

Should you have any questions or need further information, please contact me or Jen VandenBos at (406) 444-4584.

Sincerely,

A handwritten signature in cursive script that reads "Marleigh Steinke".
